(IC-1) An Essay Anomaly contains only one zone.

(IC-2) A Translation Anomaly contains two zones with distinct languages.

(IC-3) When the same Certified User makes another Correction Proposal, its attribute "number" is the increased value of the previous Proposal made by the same user.

(IC-4) A Correction Proposal may only be of the same types of the Anomalies in the associated Incidence.

(IC-5) A duplicated Incidence has the same "text", location, and the same corresponding Anomaly images.
